

NuCrest Announcement: NuCrest, LLC Gets Re-Verified as a VA CVE SDVOSB and VOSB!

PRESS RELEASE — FOR IMMEDIATE RELEASE

On October 1, 2020, NuCrest, LLC (NuCrest) was re-verified by the U.S. Department of Veterans Affairs (VA), Center for Veterans Enterprise (CVE) as a certified VA CVE as a Service Disabled Veteran Owned Small Business (SDVOSB) and a Veteran Owned Small Business (VOSB) under the Vets First Contracting Program. The VA's official certification of NuCrest's SDVOSB and VOSB registration can be found at the VA's public [website](#).

The Vets First Verification Program affords verified firms owned and controlled by Veterans and Service-disabled Veterans the opportunity to compete for VA set asides. During Verification, the Center for Verification and Evaluation (CVE) verifies SDVOSBs/VOSBs according to the tenets found in Title 38 Code of Federal Regulations (CFR) Part 74 and 13 CFR Part 125 that address Veteran eligibility, ownership, and control. In order to qualify for participation in the Veterans First Contracting Program, eligible SDVOSBs/VOSBs must first be verified.

"Our CVE designation enables NuCrest to expand our opportunities within the Federal marketplace and enables VA and other Federal Agencies to achieve its small business and socioeconomic procurement goals." -- Michael Adams, President/CEO, NuCrest, LLC.
